

CaddyPack Instructions

If BackSaver and CaddySeat are already assembled, skip to Part II.

PART I - Step 1

Place BackSaver Strap as shown with longer straps through and over the lumbar pad and middle support rod.

PART I - Step 2

Take the end of the strap out of the adjusting buckle as shown.

PART I - Step 3

Push the end of the strap through the seat cover hole and over the seat bar as shown.

PART I - Step 4

Put the end of the strap back in the adjusting buckle.

PART I - Step 5

Repeat steps 2 through 4 for other corresponding strap as shown. Continue onto Part II.

PART II - Step 1

Bring longer straps around each side of seat legs.

PART II - Step 2

Place bag (either Deluxe, Competition, or DISCarrier) as shown.

PART II - Step 3

Thread bottom bag attachment strap through seat eyelet.

PART II - Step 4

Put end of strap through buckle and leave a little wiggle room. Repeat for other side.

PART II - Step 5

Attach lower BackSaver strap clips to lower bag attachment points.

PART II - Step 6

Attach upper BackSaver strap clips to upper bag attachment points as shown. Adjust straps to suit.
